

May Newsletter  
May 6, 2006  
Choose Life, Massachusetts Activities to Date

So much has happened already in May that we thought it should be documented. This newsletter will be updated as events unfold.

The last weekend in April, we did a mass emailing of over 600 Choose Life applicants pointing them to our newly updated website to register for the Choose Life license plate. The response was great. One email, in particular, made it to the Boston Globe. On May 1<sup>st</sup>, Globe reporter Kathleen Burge called for an interview. The next day, On May 2<sup>nd</sup>, Deacon Jim Dunbar of The Anchor from the Fall River Diocese also called for an interview.

The Boston Globe article appeared in the May 5<sup>th</sup> edition. That morning, we were called and interviewed by Karl Stevens of WBZ radio. We were also called by Kevin Donovan of WBUR radio. Later that morning, we were interviewed by Channel 56 News, Channel 4 News and Channel 2's Greater Boston. In the afternoon, we gave a live interview for Fox 25 News at their Dedham station.

Registrations started coming in this week even before all the press coverage. We encourage you to tell your friends, family, co-workers and house of worship about the Choose Life effort. Together, we can do this!
